

SAM119

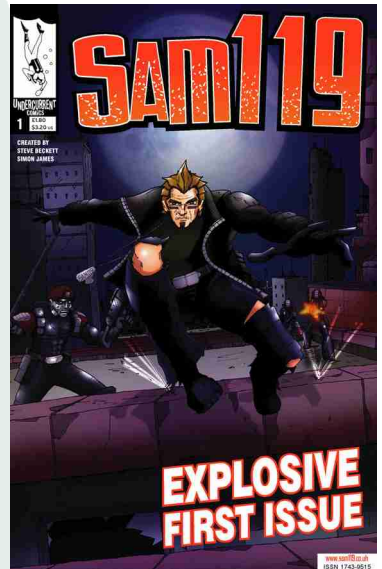

ISSUE 1 STUDY NOTES

The world of SAM119 is quite different to ours - but not totally unrelated. How do you think you would react to a government that decided to deprive you of your liberty?

Do we have a right to liberty and to live how we want?

How do our reactions to an oppressive regime tie in with Paul's teaching in Romans 13?

Who is your favourite character in the comic and why?

SAM - do you think that he was right to shoot the snake soldier? Why?

when talking to his friends about his bad dreams.

you ever find it difficult to make yourself vulnerable and open up about things?

What in particular? Sex? Money? Fear?

GIANT - he is a really loyal friend, the Bible says that it is good to encourage are there particular people who you could be supporting or encouraging more?

Do you feel like you need more support at school/college/home?

Who can you turn to when things are really bad?

LILI - she isn't exactly the stereotype female comic character. How do you react to the portrayal of girls/women in comics and other popular culture?

MOLE - he has bionic eyes (see his eye view in green on pp 16 and 17. Do you think that tampering with the human body has any moral implications? Can medical science ever go too far?

What is the cut off point? What about human cloning?

The SAM119 strip is not obviously Christian, but 'THE CONTRACT' is more blatant, would you feel comfortable for your non Christian friends to read this?
